AKADÉMIAI KIADÓ, BUDAPEST

1979

ACTA BOTANICA

Tomus XXV

INDEX

AUCTORES

Babos, K.: Study of the fiber length frequency of some Cuban tree species 177

Bartha, Zs.—Hajdú, L.: Phytoplankton community structure studies on Lake Velence, Hungary, I. Diversity 187

Bizot, M.—Pócs, T.: East African Bryophytes, III 223

Borhidi, A.—Kereszty, Z.: New names and new species in the flora of Cuba, resp. Antilles 1

Borhidi, A.—Muñiz, O.—Del Risco, E.: Classificación fitocenológica de la vegetación de Cuba 263

Borhidi, A.—Muñiz, O.: Notas sobre taxones criticos o nuevos de la Flora de Cuba 39

Bubán, T.—Hesemann, C. U.: Cytochemical investigations of the shoot apex of apple trees, I 53

Bubán, T.—Hesemann, C. U.: Cytochemical investigations of the shoot apex of apple trees, II. DNA-contant of nuklei of meristematic cells, depending on direction of shoot growth and morphactin pretreatment 303

Draskovits, R. M.: Light and pigments investigations on species in a Hungarian beech-wood 309

Fekete, G.—Précsényi, I.—Horánszky, A.—Tölgyesi, Gy.: Niche studies on some plant species of a grassland community, IV. 63

Hortobágyi, T.: New Algae from Hungary 325

Kedves, M.: Scanning electron microscopy of some selected recent *Amentiflorae* pollens, I. 75

Máthé, Á.: Study of the flowering and generativity of *Adonis vernalis* L. populations 83

Mészáros, I.: Der Elementgehalt der krautigen Vegetation des *Quercetum petraeae-cerris* Waldes von Sikfőkút 89

Molnár, E. N.—Nosek, J. N.: Spatial processes in a grassland community, I. Number of species and individuals, cover and biomass at the community level 339

Nagy, M.: Data on the reproduction capacity of *Quercus cerris* 349

Onraedt, M.: Bryophytes de Sri Lanka (Ceylon), III. 107

Papp, L. B.: Die Nettproduktion der Bäume eines *Quercetum petraeae-cerris*-Waldes auf der Probefläche von Sikfőkút (Nord-Ungarn) 113

Podani, J.: Association-analysis based on the use of mutual information 125

Précsényi, I.—Fekete, G.—Molnár, E.—Melkó, E.—Virágh, K.: Niche studies on some plant species of a grassland community, V. 131

Reyes, D. M.: Nuevos reportes para la flora hepatológica de América Latina, I. 359

Siller, I.: Mannia triandra (Scop.) Grolle in Hungary 139

Soó, R.: Nomina nova in genere *Ophrys* 361

Szujkó-Lacza, J.—Sen, S.: Significance of anatomical features of the shoot in the systematics of Hungarian *Gentiana* 365

Tóth, S.: *Vargamyces*, a new genus of *Hyphomycetes* on submerged plant debris 403

Verzár-Petri, G.—Pham Thi Minch Hoang: Anatomy and localozation of the alkaloids of the flowering plant *Cordalys cava* (L.) Schweig. et Körte 411

Virágh, K.: Wachstumsanalyse der Sonnen- und Schattenblätter von *Quercus cerris* und *Quercus petraea* (1973—1975) 143

ANNOUNCEMENTS

Notice: Sixth Symposium on Living and Fossil Diatoms 165

RECENSIONES

Bewley, J. D.—Black, M.: Physiology and biochemistry of seeds in relation to germination. I. Develoment, germination and growth *(E. Molnár)* 170
